### **WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?**

---

Axos Invest LLC offers brokerage services to retail investors through our online trading program and to affiliated and unaffiliated registered investment advisers. Through Axos Invest LLC, you are able to purchase and sell equities (stocks), options, exchange-traded and mutual funds, and municipal and corporate bonds.

These brokerage services are non-discretionary, meaning that you, our customer, make the decision regarding the purchase and sale of your investments. Furthermore, Axos Invest LLC, while providing these services, will not make any recommendations to you at any time as to which investments to purchase or sell.

Currently, there is a minimum investment amount of five hundred dollars (\$500) to open any account through our online trading program. If you receive our brokerage services through your registered investment adviser, you should consult with your registered investment adviser to determine if they have any account minimums or minimum investment amounts for the services we provide to your investment advisory account.

### **WHAT FEES WILL I PAY?**

---

**Conversation Starter –**

- **Help me understand how fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**Conversation Starters.** Ask our customer service line these questions to learn more:

- **Given my financial situation, should I choose a brokerage service? Why or why not?**
- **Will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?**

The fees and costs associated with your account are typically charged on a transactional basis. For instance, if you purchase a security on one day and sell the security five days later, you may receive a charge for the processing of the purchase and a charge for the processing of the sale.

In addition, if you hold mutual funds or exchange traded funds in your account, you may be subject to administrative and marketing fees, sales charges, and management fees as well. For these investment products, you should review the fees and charges in the prospectus prior to making any purchase.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For additional information, please refer to our fee schedule at [www.axosinvest.com/legal-disclosures](http://www.axosinvest.com/legal-disclosures).

## **WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN PROVIDING RECOMMENDATIONS? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

---

We do not provide recommendations on individual securities. The way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the services we provide you.

Our firm makes money based upon a percentage of the fees or costs paid by you to our clearing firm. These fees include custodial fees, margin interest costs, transaction costs, and other processing fees. The higher the number of transactions, the higher the charge to you. If you receive our services through a registered investment adviser, the more you or your adviser trades, the more your trading activity may generate higher fees and costs. This creates an incentive for Axos Invest LLC to encourage you or your investment adviser to trade more often.

We address these conflicts by providing you a detailed fee schedule, which shows the total cost of charges to you. We disclose this to you in our account packet at the time you open your account. Any future updates to the fee schedule will be disclosed to you at the time the new schedule is made available.

For additional information, please refer to our website at [www.axosinvest.com/legal-disclosures](http://www.axosinvest.com/legal-disclosures).

## **HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?**

---

Our financial professionals are compensated by salary, which is the only compensation our financial professionals receive. Our financial professionals do not receive compensation based upon the following factors: the amount of client assets they service, the time and complexity required to meet a client's needs, the product sold, product sales commissions, or revenue the firm earns from the financial professional's advisory services or recommendations.

If in the future our compensation structure materially changes, we will disclose any conflicts of interest to you at that time.

## **DO YOU OR YOUR FINANCIAL PROFESSIONALS HAVE LEGAL OR DISCIPLINARY HISTORY?**

---

No. Please visit [Investor.gov/CRS](http://Investor.gov/CRS) for a free and simple search tool to research our firm and financial professionals.

### **Conversation Starter –**

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**

### **Conversation Starter –**

- **Who is my primary contact person? Is he or she a representative of an investment adviser or broker-dealer? Who can I talk to if I have concerns about how this person is treating me?**
