Item 1: Introduction	<p>Sutter Securities, Inc. (“SSI”) is registered with the Securities and Exchange Commission (SEC) as a broker-dealer and is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation (SIPC). Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.</p>
Item 2: What investment services and advice can you provide me?	<p>SSI offers brokerage services to retail investors, including buying and selling public and private equity securities and structures products (collectively “equities”) corporate debt securities (“bonds”) and options. At all times, your SSI representative will be acting in the capacity of a Registered Representative of a broker-dealer. We do not offer account monitoring to our retail clients. Our brokerage services are non- discretionary: you make the ultimate decision regarding the purchase or sale of investments.</p> <p>We do not offer any proprietary products to retail clients. We impose no minimum investment size, amount, or volume of transactions for brokerage services. However, some public or private equities including those offered on the Flash Funders portal, an affiliate of SSI, require a minimum investment. These investments may require certain specific criteria such as a minimum net worth. We do not take custody or hold client assets or funds. Your investments are maintained with independent qualified custodians or held by the issuer.</p> <p>For more information about our products and services, please visit our website at suttersecurities.com as well as our Regulation BI Relationship Guide at suttersecurities.com/disclosures/form-crs-reg-bi.</p> <p><u><i>Conversation Starters:</i></u></p> <p><i>Given my financial situation, should I choose a brokerage service? Why or why not? How will you choose investments to recommend to me?</i></p> <p><i>What is your relevant experience, including your licenses, education, and other qualifications? What do those qualifications mean?</i></p>
Item 3A: What fees will I pay?	<p>For brokerage services, we charge a transaction-based commission that varies according to the security and the amount invested. The commission is typically a separate fee, add to the cost of your purchase. For bonds, the fee is typically called a markup and is included in the price you pay for the bond. The commission for equity and options transactions in a brokerage account ranges between 2% to 5%. In addition to commissions, retail brokerage clients will also incur a transaction confirmation fee, custodian fees, internal fees charged by the issuer or sponsor, account maintenance fees and other fees. Please see our Regulation BI Relationship Guide, available on the Disclosures page of our website at suttersecurities.com/disclosures/form-crs-reg-bi.</p> <p>For private placements and special purpose vehicles (“SPV”), the commission and other fees are described in detail in the offering memorandum.</p> <p>More transactions and/or higher investment amounts equal more fees; therefore, we have an incentive to encourage more transactions and investments of a higher value. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. See our Regulation BI Relationship Guide at suttersecurities.com/disclosures/form-crs-reg-bi or call us for assistance (949) 502-4408.</p> <p><u><i>Conversation Starters:</i></u></p> <p><i>Help me understand how these fees and costs might affect my investments. 	<i>invest, how much will go to fees and costs, and how much will be invested for me?</i>
Item 3B: What are your legal obligations to me when providing recommendations? How else does your firm make money and what conflicts of interest do you have?	<p>When we provide you with a recommendation, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates a conflict with your interests. Please strive to understand and ask us about these conflicts because they can affect the recommendations, we provide you.</p> <p>Here are some examples to help you understand what this means: If we recommend an equity security in a brokerage account, we will earn between 2% to 5%. If we recommend public or private equity through our affiliate FlashFunders' portal or separately in a private transaction we will earn substantially more than 5% in sales concessions, warrants and other compensation. You are strongly encouraged to read the prospectus and our supplementary information to understand the costs and fees.</p> <p>There are many risks and costs involved with investing. Please see our Regulation BI Relationship Guide on our website at suttersecurities.com/disclosures/form-crs-reg-bi or, for equities offered on the FlashFunders portal and other private investments, please carefully read the prospectus. Please also carefully review and verify the accuracy of the information you provide us on account applications, subscription documents and others.</p> <p><u>Conversation Starters:</u></p> <p><i>How might your conflicts of interest affect me, and how will you address them?</i></p>
Item 3C: How do Sutter Securities, Inc. financial professionals make money?	<p>Our financial professionals receive compensation including a percentage of the total commission or markup and a portion of the transaction confirmation fee for every transaction they make. In some cases, we or the financial professional will also receive warrants or other incentives for transactions in equities offered on the Flash Funders portal, an affiliate of SSI and/or for other private offerings. These special incentives present a conflict of interest because they provide an opportunity to recommend more frequent transactions or to recommend an investment that will yield higher compensation. We address this conflict by making full disclosure to you, through our non-discretionary services, and by requiring a supervisor of our firm to oversee your transactions.</p>
